About This Game

Hello and Welcome to Moonbase 332

Moonbase 332 is an Arcade First Person Shooter by PatchNoteStudio. You play an old American exterminator. After a War between Germany and Austria in Year 2007, a base on the Moon was found. Austria has tested there some genetically modified Plagues to use it as a weapon. Your job is now there to clean up. Fight your way through the Moonbase 332.

- 5 Chapters, Each with 5 levels (includes boss battle, bonus level, etc.) (25 Levels)
- An absurd story (+Cutscenes)
- Some secrets (hidden weapons, items, rooms, etc.)
- The difficulty level varies with the player behavior.
- Liquid gameplay with up to 60 FPS
- The game speed increases with each level
- Health regeneration does not exist

-
- Ranking System and Online-Highscore list*
 - Lifetime free updates*

**These features require an internet connection and/or a free Moonbase 332 account.*
